CHAPTER I – General Considerations

1) General Considerations and Definitions:

a) These General Terms and Conditions shall govern the provision of travel assistance services rendered by **the Provider** during the trips made by the Beneficiary, the scope of which shall be as defined **herein** and up to the limits and as detailed in the **voucher's table of Benefits**.

b) It is hereby expressly stated, and the Beneficiary so agrees, that the assistance provided is not that of a medical insurance or similar, or an extension or substitution of social security plans or private health insurance policies.

c) Notwithstanding the above, **the Provider** may purchase a personal accident insurance as part of its products available to its beneficiaries. In such cases, the benefit will be detailed on the **voucher's table of Benefits**.

d) It is herein expressly stated that the services and benefits included herein have medical assistance expense limits as defined for each product and in every respect. The expense limits for assistance in case of illness or accident are mutually exclusive.

e) These General Terms and Conditions and the scopes and limits of the benefits pertaining to each type of **voucher** as detailed in the **table of Benefits** shall be considered to be known and accepted in whole by the Beneficiary as from the purchase and effective payment of the services.

f) For all purposes of the contract, the following definitions shall apply:

i) **VOUCHER:** the instrument pertaining to the Travel Assistance Services contract delivered to the traveler which specifies the type of product purchased and the applicable **table of Benefits,** sets out the conditions under which the parties to the contract have agreed to fulfill their respective duties and sets out the name, age and address of the beneficiary/ies, period of cover, duration of the trip, date of issue and name of the travel agency or issuing entity.

ii) **THE PROVIDER:** Universal Assistance and/or its affiliated or related companies, as per the country where the **voucher** was issued, and for the purposes of these General Terms and Conditions, hereinafter "**the Provider".**

iii) **HOLDER:** means the individual or individuals (consumer/s) included in the **voucher** for whom **the Provider´s** services are purchased and who shall enjoy the benefits of the Travel Assistance Services contract. Accordingly, all Beneficiaries included in the **voucher** shall be considered, for the purposes of the benefits, as primary holders.

iv) **REAL DOMICILE OF THE HOLDER:** The domicile declared on the **voucher.** Any communication addressed to the **Holder** shall be held valid if sent to this domicile. **The Provider** may request from the **Holder** any documentation necessary to verify such domicile. Refusal by the **Holder** to submit such documentation shall release **the Provider** from any obligation to provide services.

v) **ACCIDENT:** Any event that causes a body injury to the **Holder** as a result of an external agent that, in a sudden, unexpected and violent manner causes such body injury or affects the person's state of health, or causes his/her death beyond the person's will and occurs when a blunt object in motion hits the person or when the person hits the object.

vi) **PRE-EXISTENT:** Any physiopathological process the origin or etiology of which is prior to the **voucher**'s cover start date or trip start date (whichever occurs later) and that can be determined through complementary diagnostic tests of regular, ordinary, accessible and frequent use. For the purposes of this Travel Assistance Services contract, pre−existent illnesses or ailments are those that the **Holder** suffers from before the **voucher's** cover period start date as well as those that are manifested after such date, but, nonetheless, needed a period of incubation, development or progress inside the **Holder**'s body prior to the **voucher's** cover period start date or trip start date, as well as those suffered during the cover period of a previous **voucher**.

vii) **INTERNATIONAL TRIP:** means the trip involving transportation between the territories of two or more countries, or between two points within the same country that includes a temporary stop in the territory of a second country. For all purposes, any local or domestic leg of the journey required to reach the final destination shall be considered part of the international trip, provided that this second leg of the journey is commenced within 24hs of arrival at the first point.

viii) **TABLE OF BENEFITS:** the detail of the benefits offered for each Travel Assistance product, being this list of a restrictive nature with regard to the benefits and monetary, quantitative, geographic and age limits of the **Holder**. The **table of Benefits** is printed out together with the **voucher** and is an integral part of the same. Only such benefits explicitly set out in the **table of Benefits** for each product shall apply within the indicated scope and limits.

ix) **SPOUSE:** The natural person who is part of a marriage or civil union or persons who can provide a cohabitation certificate, in accordance with the applicable law of the country where the union was established.

x) **KILOMETER 0:** KM 0 refers to the location where the group of travelers gathers to begin the trip and from where the cover provided by **the Provider** will become effective (as long as it coincides with the **voucher's** cover period) for both, domestic and international trips. It also constitutes the end point of the trip, after which **the Provider** is no longer bound to provide further services. In the case of individual **vouchers** that include this benefit, KM 0 shall be understood as the starting point of the trip, for example: transfer to airports, ports, bus terminals, road trip to the final destination.

xi) **AGE LIMIT:** means the traveler's required maximum and/or minimum age at the time the **voucher** is issued. Notwithstanding the above, certain benefits may have special conditions, which shall be detailed in the **voucher** under the specific condition section.

xii) **RECEPTIVE VOUCHERS: vouchers** issued in the country where the assistance services will be provided, whether the **voucher** is issued before the **Holder**'s departure from his/her country of residence or upon entry to the country where the **voucher** was issued.

xiii) **COMPETENT GOVERNMENT AUTHORITY:** means the government body responsible for issuing regulations related to immigration, tourism and health matters, both in the country of origin and in the country of destination of the traveler who has purchased the travel assistance **voucher**.

xiv) **FULL VACCINATION SCHEDULE:** a **Holder** shall be considered fully vaccinated against the disease known as COVID-19 caused by the SARS-COV2 virus as follows:
(1) Fourteen calendar days after receiving the second dose of a two-dose vaccine series, or , o
(2) Fourteen calendar days after receiving a single-dose vaccine.

xv) **LINEAR KILOMETERS**: Linear kilometers shall be understood as the minimum distance traveled, as opposed to the straight-line distance between points.
Coverage Upgrades: Upgrade covers increase the monetary sub-limit of a benefit and/or modify its scope as set forth herein. It is clarified that the upgrade amount replaces the base coverage amount, that is to say, these amounts are not cumulative.

2) Voucher Details:

a) The **voucher** is personal and non-transferable, and it benefits the **Holder** (one or more as specified in the **voucher**) who, in order to enjoy the assistance services herein included, shall in all cases show his/her **voucher**, Official Passport or any other documents with which the **Holder** has been granted permission to enter the country where the services shall be used, travel tickets and/or any other documentation that establishes his/her identity and the start and end dates of his/her trip.

b) Residential Exclusion: **The Provider** shall not be responsible for, nor obliged to provide coverage to, persons who habitually reside in Cuba, Iran, Syria, North Korea, or the regions of Crimea, the Donetsk People's Republic (DNR), or the Luhansk People's Republic (LNR) of Ukraine. Therefore, any coverage issued for residents of these countries is null and void.

c) The coverage limits are defined in the **voucher**'s **table of Benefits** per trip for each of the **voucher** holders, unless expressly stated otherwise.

d) Note that when the amounts for the same benefit are stated in different currencies in the **voucher**'s **table of Benefits**, such amounts shall not be cumulative, therefore, the total expenses incurred may not exceed altogether the maximum sub-limit. Limit amounts in Euros apply in such cases where the services are provided in countries that are signatories to the Schengen Agreement.

e) The **Holder** shall not be entitled to make use of the services indicated in the **voucher** in case of illegal entry and/or stay in the country where the services are to be provided.

3) Trip – Territorial Scope:

a) For the purposes of these General Terms and Conditions, the term trip shall be understood as follows:

i) For **vouchers** that grant international coverage: the Beneficiary's departure abroad from the country of his/her real domicile and his/her subsequent return thereto.
ii) In cases of international destinations where the traveler chooses to cover only certain segments of the trip, the following conditions must be met:
(1) The assistance **voucher** must be issued prior to the start of the trip as defined in clause 1)f)vii), that is, before the **Holder** departs from his/her country of residence
(2) The start date of coverage must coincide with the date on which the **Holder** crosses the border of a country.
iii) For **voucher**s that grant the right to assistance within the national territory of the **Holder**'s country of residence, it shall mean the **Holder**'s departure beyond a radius of 100 linear kilometers (or the distance indicated in the **voucher**) from the city of his/her real domicile, and subsequent return thereto.

b) In all cases, the **Holder** must provide reliable proof of the date of departure and the duration of the trip, and **the Provider** may request the submission of any documentation necessary for such verification. The **Holder**'s refusal to provide such documentation releases **the Provider** from any obligation to render services.
c) It shall be an essential condition for the validity of the **voucher** that the **Holder** has purchased it prior to the start of the trip, except in the case of receptive **vouchers**, in which services are purchased upon arrival in the country where the services are to be rendered. **The Provider** may request from the **Holder** any documentation necessary to corroborate this. The **Holder**'s refusal to provide such documentation **releases the Provider** from any obligation to render services.
d) The **voucher** may be used by the **Holder** for only one trip, as defined in sub-clause a) of this clause.
e) In all cases, countries involved in domestic or international armed conflicts, or those lacking the appropriate infrastructure, shall be excluded
f) **Territorial Exclusion: The Provider** shall not be responsible for, nor obliged to render, any assistance services, nor to acknowledge any benefit related directly or indirectly to trips made to or through Cuba, Iran, Syria, North Korea, or the regions of Crimea, the Donetsk People's Republic (DNR), or the Luhansk People's Republic (LNR) of Ukraine.

4) Duration of the Services:

a) The **voucher** shall be valid from the effective start date indicated on the **voucher** or from the moment the **Holder** begins his/her trip above (whichever occurs later), and shall remain in force for the number of days indicated, provided that they have been duly paid for. The cover period shall expire at the end of the cover end date indicated on the **voucher**, or upon the **Holder**'s return to his/her country or city of residence, as established in clause 3), whichever occurs first.
b) Exclusively for RECEPTIVE **vouchers** purchased by the **Holder** upon arrival in the country where it was issued: the validity of the **voucher** shall commence at 00:00 hours on the day immediately following the date of issuance. Receptive products may be purchased up to a maximum of 48 hours after the passenger's arrival in the country.
c) For **vouchers** that include cancellation benefits (in any of their forms), and exclusively for the purpose of accessing this benefit, the effective start date shall be deemed to be the date of issuance.
d) No changes to the cover period may be made, nor shall the **voucher** be subject to cancellation for any reason or under any circumstances once it has entered into effect or has been used. The **Holder** may request cancellation of the **voucher** within ten (10) calendar days from the date of issuance, provided that it has not entered into effect and no services have been used. (In Argentina, Law No. 24.240)
e) The expiration of the cover period shall automatically result in the cessation of all services, including cases already initiated and ongoing at the time of expiration, except where the **Holder** is undergoing hospitalization in a healthcare institution for covered medical reasons. In such case, services shall cease either upon discharge from the healthcare institution or when the maximum coverage limit has been reached, whichever occurs first.
f) If the **Holder** unexpectedly interrupts the trip, for any reason whatsoever, and returns to his/her country of residence, the **voucher** shall cease to be valid from that moment onward, except in the case of long-stay **vouchers** (stays exceeding sixty (60) calendar days). In such cases, medical assistance benefits shall remain valid until the end of the trip, provided that the **Holder** resumes the international trip. Under no

circumstances shall coverage be provided within the **Holder**'s country of residence. Likewise, under no circumstances shall the **Holder** be entitled to claim reimbursement for any unused or not elapsed period.

5) How to Proceed to Use All the Services of the Provider:

Assistance services must, in all cases, be requested from **the Provider** by telephone and must be previously authorized by **the Provider**. To request such services, the **Holder** must:

a) Contact **the Provider's** Operations Center using the indicated telephone numbers, and state:
   i) **Holder**'s full name and type of product held;
   ii) **Voucher or document number,** cover period, and travel departure and return dates;
   iii) The exact location, including address and telephone numbers;
   iv) The reason for the call.

b) To contact the Operations Center by telephone:
   i) Dial the toll-free number provided for the country where he or she is located, or;
   ii) Request a collect call through the international operator to the designated number, or;
   iii) Verify the procedure for making international calls from the country of location, and dial the number indicated in these General Terms and Conditions preceded by the applicable international access codes. Upon the **Holder**'s return, the cost of such calls shall be reimbursed in accordance with clause 7)g).

c) If for some reason the Beneficiary was verifiably unable to contact **the Provider,** they must proceed as indicated in article 6)a).

d) For security and quality reasons, all communications received by the Operations Center may be recorded and registered. If the **Holder** does not wish his/her voice to be registered he/she should inform so to the operator receiving the call. Such refusal shall be duly noted. Call recordings and written messages shall be used as admissible evidence in the event of disagreements and/or disputes between the parties.

6) Duties of the Holder:

In all cases and for all services, the **Holder** undertakes to:

a) Place the telephone call to request assistance and obtain prior authorization from **the Provider** before taking any action or incurring any expense, in accordance with the procedure indicated in clause 5). If, due to duly justified force majeure, the **Holder** is unable to obtain prior authorization from **the Provider**, he or she must contact **the Provider** to receive assistance, they must contact **the Provider** in due manner within the non−extendable period of 24 hours of its occurrence. This can be done either by the person directly requesting the assistance or by another individual designated by him/her. In the case of passengers on board a cruise ship, the maximum period for registering the case with **the Provider's** Operations Center shall be up to the fifth calendar day following the expiration of the **voucher**'s validity. Once these deadlines have lapsed, **the Provider** shall be exempt from acknowledging or assuming responsibility for any medical expenses incurred and reported late. Should **the Provider**, by way of exception, decide to cover partially or fully the medical services received by the **voucher Holder** and reported late, such coverage shall be made according to **the Provider's** agreed rates with local service providers.

b) Accept the solutions proposed by **the Provider**.

c) Authorize the professionals or medical institutions involved to disclose to **the Provider**, or to any of its duly accredited representatives, the Medical Record as well as any information necessary to process payment for hospitalization and/or treatment, and to examine all elements related thereto. **The Provider** undertakes not to disclose to third parties any documentation required from the **Holder** (such as medical audit reports prepared by **the Provider**, Medical Record, examinations, etc., carried out in relation to the **Holder**), except with the **Holder**'s express authorization or upon court order.

d) Provide the documentation necessary to determine the applicability of the case, as well as all original expense receipts to be reimbursed by **the Provider,** and any medical information, including that prior to the trip, or of any nature that **the Provider** may consider necessary for the provision of its services

e) For products identified as *"*Vaccinated*"*, it is a condition that the **Holder** submit, both at the time of purchasing the service and when requesting assistance, the document certifying that he/she has received the full vaccination schedule (as defined in 1)f)xiv)). Failure to provide such proof shall release **the Provider** from any obligation to cover expenses arising from such illness.

f) Deliver to **the Provider** or its local agent all travel tickets in his/her possession in those cases where **the Provider** is requested to cover any difference over the original travel tickets. **The Provider** shall only be liable for the greater difference, where applicable.
g) Accept the denial of Concierge Service requests at the sole discretion of **the Provider**, as long as such denial is duly justified.
h) Provide any documentation of any kind necessary to carry out the requested procedures.

Failure to comply with any of these obligations shall release **the Provider** from all liability under this agreement.

7) Reimbursements:

The Provider shall reimburse the expenses incurred in the following cases and situations, always within the limits established for each type of expense and subject to full compliance with these General Terms and Conditions:

a) When prior authorization has been granted by **the Provider's** Operations Center.
b) Upon submission of original invoices from professionals or medical centers clearly indicating diagnosis, medical history, admittance form in case of hospitalization issued by the health care institution, details of services rendered, pharmacy receipts describing the medications purchased, which shall be consistent in quality and quantity with those prescribed by the attending physician at that time.
c) Upon submission of the Passport with the stamps of the Immigration Authorities corresponding to the dates of departure from and return to the country of origin, as supplementary documentation, or equivalent proof of departure and return to the country of origin if a passport is not required by immigration authorities.
d) In the event that the **Holder**, due to force majeure, was unable to obtain prior authorization before independently contracting services, and without prejudice to compliance with the obligation set forth in clause 6)a), the **Holder** must provide **the Provider** with all requested information in order to verify the service received, the legitimacy of the emergency giving rise to it, and the impossibility of prior communication. The foregoing is a sine qua non condition to obtain authorization or reimbursement of the expenses incurred. Failure to meet this requirement for any reason shall entitle **the Provider** to:
   i) deny the reimbursement according to the assessment resulting after auditing such expense; or
   ii) proceed with reimbursement subject to a maximum monetary limit equivalent to what **the Provider** would have paid had it contracted the service directly through its network of providers.
e) In all cases, explicit reference must be made to the authorization granted by **the Provider** during the emergency. All documentation related to a reimbursement claim must be submitted within sixty (60) calendar days from the expiration date of the service and/or end of the trip, whichever occurs first; or, in case of cancellation, from the date of the incident. Submissions beyond this period will not be accepted, and **the Provider** will be released from all responsibility.
f) In the event of an accident, reimbursement claims must be accompanied by the corresponding police report, without prejudice to obtaining **the Provider's** prior authorization
g) For reimbursement of telephone calls made to **the Provider's** Operations Center, the **Holder** must submit the original invoice, which must indicate the telephone number called. Only the costs of calls to **the Provider's**, as well as any additional expenses incurred due to calls made by the Operations Center to the **Holder**'s contact number, shall be reimbursed.
h) **Form of payment: The Provider** shall reimburse the **Holder** in the legal currency of the country where the reimbursement is paid, at the official exchange rate in force on the day prior to payment.
i) **Means of payment:** Payments shall be made in accordance with the laws and/or tax regulations of the country where the reimbursement is paid.
j) **Amounts not covered:** Reimbursement shall not apply to amounts withheld and/or collected as taxes.
k) Reimbursement requests: Requests for reimbursements must be submitted through the app, website at https://www.universal-assistance.com, or at **the Provider's** or its local representatives' offices, prior scheduling an appointment. Postal addresses may be consulted at www.universal-assistance.com.
l) **Resolution timeframes: The Provider** will endeavor to resolve reimbursement requests within a maximum of 45 days from the moment the Reimbursements Department receives all the documentation required and necessary to assess the applicability of the case. If the **Holder** has not received the authorized payment by the end of this period, he/she must immediately contact **the Provider** by email at reintegros@ua.com.ar or by phone at (54-11) 4323-7800. The information entered by the **Holder** through the app or website shall be deemed a sworn statement, and the **Holder** is responsible for its authenticity and accuracy. **The Provider**

shall not be liable for failure to credit reimbursable amounts in the event of omission and/or error by the **Holder**.

8) Scope of the Benefits:

The obligations undertaken by **the Provider** shall only apply to accidents and/or sudden and acute illnesses contracted after the start date of the **voucher**'s cover period or the start date of the trip, whichever occurs later. All symptoms and/or congenital or pre-existing illnesses, whether chronic or not, known or unknown to the **Holder**, as well as illnesses under treatment, together with their consequences and exacerbations, are expressly excluded, even if they appear for the first time during the trip and manifest after its start. In such cases, **the Provider** shall only cover, if at its sole discretion it deems appropriate, the first medical consultation during which the pre-existing condition is determined.

CHAPTER II – Benefits

Not all of the benefits detailed in this chapter are included in all products. Please verify the list of benefits and their limits in the **voucher** delivered to you.

9) Medical Assistance in Case of Illness or Accident:

The medical assistance services offered by **the Provider** exclusively cover urgent treatment of acute conditions that prevent the **Holder** from continuing the trip, namely:

a) **Medical consultations: the Provider** may coordinate home visits provided that: i) the nature of the emergency justifies such visit, ii) there are physicians within **the Provider's** network who deliver these type of services in the location the assistance is needed; and iii) the physicians are available at the requested time.

b) **Telemedicine:** depending on the nature of the assistance, **the Provider** may coordinate and arrange this benefit to offer guidance and general health information. Depending on the country where the **Holder** is located, the service may include writing a medical prescription and/or prescribing medications always related to the diagnosis that motivated the consultation. Even in such cases where a medical prescription can be issued, there will be limitations regarding all medications regulated by local laws and/or containing psychotropic substances, in which case a prescription may only be issued through an in−person medical consultation

c) **Consultation with a specialist:** whenever indicated by the emergency team of physicians and previously authorized by **the Provider's** Operations Center.

d) **Complementary medical exams:** any tests ordered by the professionals designated by **the Provider** and authorized by the related Operations Center.

e) **Physical rehabilitation therapy: i**n cases of trauma, if authorized by **the Provider's** Medical Department and prescribed by the treating physician, **the Provider** shall cover up to ten (10) sessions of physio-kinesiotherapy, according to medical prescription, up to a maximum of USD 150 (one hundred fifty U.S. dollars) per session.

f) **Medications**: **the Provider** shall cover the cost of prescribed medications for the condition that required outpatient treatment assistance, up to the maximum limit per trip corresponding to the type of **voucher** purchased, as specified in the **table of Benefits**. In case of hospitalization, medications supplied will be included without limit within the overall medical assistance coverage for illness or accident.

g) **Dental care: the Provider** shall cover expenses for emergency dental care limited to pain relief and/or extraction of the affected tooth, up to the maximum limit per trip corresponding to the type of **voucher** purchased, as specified in the **table of Benefits**. The mentioned maximum limit includes medications related to dental care. Expenses for prosthetics of any kind and endodontic treatments (e.g., root canal treatments) are excluded from this benefit

h) **Hospitalization: w**hen prescribed by physicians designated by **the Provider**, hospitalization will be arranged at the nearest and most suitable healthcare center, at the sole discretion of **the Provider**. Such hospitalization shall be covered by **the Provider** during the entire cover period of the **voucher**, and always within the medical assistance expense limit corresponding to the purchased **voucher**, as specified in the **table of Benefits**.

i) **Additional days for hospitalization:** when the **Holder** requires hospitalization and is not discharged by **the Provider's** medical team while the **voucher** has already expired, coverage shall be extended for the additional period indicated in the **table of Benefits**, provided the medical assistance limit has not been exhausted. If the **Holder** has been discharged but is not cleared to board the originally scheduled means of transportation, **the Provider** shall cover up to a maximum of USD 1,000 (one thousand U.S. dollars) for expenses corresponding to post-discharge outpatient check-ups until the **Holder** is fit to travel or up to a maximum of 30 days (whichever occurs first).
