<b>CHAPTER I – General Conditions</b>
---------------------------------------

**1) General Terms and Definitions:**

- a) The following Terms and Conditions shall govern the provision of travel assistance services rendered by the **Travel Assistance Provider** during the travels made by the beneficiary, the scope of which shall be that defined in this Terms and Conditions and up to the limits and with the features informed in the **table of benefits** in the voucher.
- b) It is hereby expressly stated, and the Beneficiary so agrees, that the assistance provided is not that of a medical insurance or similar, or an extension or substitution of social security programs or private health insurance policies. The services and benefits herein formalized are exclusively directed towards the travel assistance in case of acute illnesses and/or sudden and unexpected events that prevent the normal development of the trip. Pre-existent diseases are not covered, except for those products that provide such coverage.
- c) Notwithstanding 1)b), the Provider may additionally purchase in benefit of its customers a personal accident insurance product, thus the benefit will be shown on the table of benefits in the voucher.
- d) It is herein expressly stated that the services and benefits included in these Terms and Conditions have medical assistance expense limits defined for each product which encompass all medical items. The expense limits for medical assistance in case of illness or accident are mutually exclusive.
- e) These General Terms and Conditions and the scopes and limits of the benefits pertaining to each type of

**voucher** that are detailed in the **table of benefits** shall be considered to be known and accepted in whole by the Beneficiary as from the purchase and effective payment of the services.

f) The following definitions apply to all the effects of the agreement:

- i) **VOUCHER:** Is the instrument of the agreement -between the travel assistant provider and the beneficiary- of provision of Travel Services given to the traveler. The **voucher** specifies the type of product purchased the applicable **table of benefits**, states the conditions to be complied with by the beneficiary and the **provider** and states the name, age and address of the beneficiary/ies, period of coverage, duration of the trip and date of issuance and name of the travel agency or issuing entity.
- ii) **PROVIDER:** Universal Assistance S.A., for their brands Universal Assistance and Travel Ace, hereinafter called the **"the Provider"**.
- iii) **BENEFICIARY:** Is the individual or individuals that purchase the services from the **Provider** and shall enjoy the benefits of the Provision of Travel Services agreement.
- iv) **BENEFICIARY'S REAL ADDRESS:** Is the address stated in the **voucher**. Any communication made to the Beneficiary shall be held valid if directed to this address. The **Provider** may request from the Beneficiary any necessary documentation for validation purposes. Should the Beneficiary refuse to submit such documentation, the **Provider** shall be exempted from providing any services.
- v) **ACCIDENT:** Is any event that brings about a body injury to the Beneficiary as a result of an external agent that, in a sudden, unexpected and violent manner causes such body injury or affects the person's state of health, or causes his/her death. The injury is thus caused beyond the person's will and occurs when a blunt object being in movement hits the person or when the person hits the object.
- vi) **PRE-EXISTENT:** Any physiopathological process that acknowledges its origin or etiology to be prior to the effective date of the voucher or trip (whichever occurs later) and that can be determined through complementary diagnostic tests of ordinary, accessible and frequent use. Under these terms and conditions, preexistent illness or ailment are those the beneficiary suffers from before the voucher's effective date as well as those that, even though they arouse during the trip, needed a period of incubation or development inside the beneficiary's body which occurred before the voucher's date effective date.
- vii) **INTERNATIONAL TRIP:** it should be understood as the trip involving transportation starting in one country and finishing in another one or that trip that, even though it starts and finishes in the same country, it includes a temporary stop in another country. Immediate connecting flights shall be considered part of international trips. Immediate connecting flight means the domestic flying distance traveled as part of an international trip, boarding this second flight within 24 (twenty four) hours upon arrival of the first flight.
- viii) **PARTNER OR SPOUSE:** the person who is joined in marriage or those who even though are not married cohabit and are formally registered and thus have certain rights.
- ix) **KILOMETER 0:** it refers to the place where the group of travelers joins to start their trip either with local or international destination and from where the coverage will be valid (provided that the dates match those declared in the voucher). It is as well the place where the trip ends and the provider's services cease. For individual vouchers that include this benefit, the expression kilometer 0 is understood as the moment in which the traveler starts his/her trip, for example: his departure to the airport/port/bus platform. This benefit is not included in all products, when included it will be detailed in the table of benefits in the voucher.
- x) **INCOMING PRODUCTS:** are those issued in the country where the services are subject to be provided. The voucher may be issued before the Beneficiary starts his trip and leaves his place of residence or upon his arrival.
- xi) **AGE LIMIT:** It is the beneficiary's maximum/minimum age at the time the voucher is issued. Notwithstanding the above, some of the benefits may have particular age limitations which may be detailed as particular conditions in the corresponding clause.
- xii) **TABLE OF BENEFITS:** The detail of the benefits that each Travel Assistance product covers. It indicates, in a restrictive way, the amount or quantitative limits as well as the geographical and age coverage for each benefit. The **table of benefits** is printed jointly with the **voucher** and is an integral part of such. Only those benefits explicitly set out in the **table of benefits** for each product, together with the indicated scope and limits will apply.

## 2) Features of the Voucher:

- a) The voucher is personal and non-transferable and it benefits the Beneficiary (one or more as detailed in the voucher) who, in order to enjoy the assistance services herein included, shall in all cases show his/her voucher, Official Passport or any other document with which the Beneficiary has been granted permission to enter the country where the services shall be used, travel tickets and/or any other documentation that establishes his/her identity and demonstrates the beginning and ending dates of his/her trip. The coverage limits are defined individually per trip for each of the beneficiaries of the voucher, each traveler has up to the total amount established for each benefit, except stated otherwise.
- b) Whenever Family plans are acquired, the amounts established for each benefit are shared among all the members of the voucher, except when they are requesting assistance services while being in any of the countries that subscribed the Schengen Agreement, in which case the amounts stated shall be considered individually for each of the beneficiaries listed in the voucher.
- c) The Beneficiary shall not be entitled to make use the services indicated in the voucher in case of illegal entry and/or stay in the country where the services are to be provided.

## 3) Trip – geographic scope:

- a) In these General Terms and Conditions, trip shall be understood as follows:

- i) For **vouchers** granting international coverage: the departure of the Beneficiary from the country of his/her real address and his/her subsequent return.
  - ii) In case the traveler starts an international trip but needs coverage only for his/her stay in some of the sections of the trip, the following conditions apply:
    - (1) The dates from-to should match those the Beneficiary crosses a country border
    - (2) The voucher should have been issued before the trip to be covered starts.
  - iii) For vouchers granting national coverage: the departure of the Beneficiary outside a 100 km radius (or as stated in the voucher) of his/her real address and his/her subsequent return.
- b) In all cases, the Beneficiary must duly prove the date of departure and trip duration. The **Provider** is entitled to request the Beneficiary to submit any documentation necessary to carry out such validation. Should the Beneficiary refuse to submit such documentation, the **Provider** shall be exempted from providing any services.
  - c) The voucher will be valid only if the Beneficiary purchases it before his/her trip begins, with the only exception of incoming products which may be issued upon the beneficiary's arrival to the country where the services shall be delivered. The **Provider** is entitled to request the Beneficiary any necessary documentation to validate this fact. Should the Beneficiary refuse to submit such documents, the **Provider** shall be exempted from rendering any services.
  - d) The Beneficiary is entitled to use the **voucher** for one trip only, as defined in item **a)** of this clause, except for the annual vouchers as established in clause **4)f)**.
  - e) Services will be delivered in all cases, except for those countries involved in domestic or international warfare and those without appropriate infrastructure, in which case transportation services may apply.
- 4) **Duration of the services:**
- a) The voucher shall become effective as from 00:00hs of the starting date and until the expiration date stated therein provided it has been effectively paid.
  - b) Exclusively for INCOMING passengers: products acquired by the Beneficiary upon arrival in the country the services will be delivered, the voucher shall become effective at 00:00hs on the day following that indicated in the FROM field. Incoming products may be bought within forty eight hours upon the beneficiary's arrival.
  - c) For those vouchers that include the benefit of cancelation or interruption and exclusively to make use of this benefit, the effective date will be that on which the voucher was issued.
  - d) There can be no changes to the period of coverage or cancellation of the **voucher** for no reason whatsoever, nor under any circumstance, once the period of coverage is in force. Nor can the product be cancelled, even if the period of coverage is not in force, whenever the Beneficiary has already claim or made use of any of the services included. The Beneficiary may request cancellation of the voucher within ten days of the issuance date as long as the period of coverage is not in force and no services have been delivered. (In Argentina, Law N° 24.240).
  - e) Expiration of the period of coverage automatically implies the cessation of all services, including those cases initiated and in progress at the time of expiration of such period. If the Beneficiary interrupts unexpectedly his/her trip for any reason and returns to his/her real address, the **voucher** shall cease to be valid as from that instant. In that case, the Beneficiary shall not be entitled to claim any reimbursement for the period not elapsed and not used.
  - f) Exclusively for ANNUAL **vouchers**: the Beneficiary of an ANNUAL **voucher** can make an unlimited number of trips during his/her period of coverage, but the provision of services by the **Provider** is limited to the number of consecutive days per trip that apply to the type of **voucher** purchased and that is informed in the **table of benefits**. If the Beneficiary does not wish his/her voice to be registered he/she should inform so to the representative receiving the call. Record shall be kept of the refusal. The call recordings and written messages shall be used as proof in the event of disagreements and/or conflicts between the parties.

## 6) **Beneficiary's Obligations:**

In all cases and for all the services, the Beneficiary's obligations shall be the following:

- a) Make the call requesting assistance and obtain authorization from the **Provider** before taking any initiative or undertaking any expenses, according to the procedure indicated in clause **5)** above. If, for reasons beyond the Beneficiary's control, strongly justified, he/she is unable to obtain prior authorization from the **Provider** to receive assistance, he/she must contact, in due manner, the **Provider** within the following 24 hours after the event. This can be performed either by the person requesting the assistance or a third party appointed by him/her. In case the Beneficiary is making a trip on a cruise, the 24 hour notice still is an obligation whenever the event occurs while being in mainland, but will have a 72 hour notice or until the cruise reaches the mainland if the event occurs while being in the open sea. If the beneficiary fails to give notice in due time after having been assisted, the provider shall be redeemed from reimbursement or payment of the medical expenses incurred. **54) Non-cumulative services:**

In no case shall the **Provider** render travel assistance services as set forth in these General Terms and Conditions, or make reimbursements for expenses of any type, whenever the **Beneficiary** requests or has requested assistance for the same problem and/or ailment to any other company, before, during or after having requested such to the **Provider**.
